INSTRUCTIONS:*

1. Remove the instrument lower passenger panel by disconnecting the clips.
2. Remove passenger side kick panel by removing the black plastic nut.
3. Remove the weather strip at the passenger kick panel.
4. Remove the passenger kick panel trim.
5. Remove the two(2) screws at the bottom of the glove box.
6. Pull down on the glove box to gain access to the cabin air filter housing.
7. Open the cabin air filter access panel door.
8. Replace the used cabin air filter with a new Pentius Cabin Air Filter.
5. Verify that the air flow arrows are in the correct direction if noted on filter.
6. Replace all components in the reverse order of removal.

* Note that Cabin Air filter replacement instructions may be representative for certain vehicles.
